

SILESTONE®

Quartz Surfaces

Silestone® presents extreme durability in kitchen and bathroom and other spaces where traffic and daily use is high. Enjoy the endless colour possibilities.

The advantages of Silestone® are numerous. Silestone® is low maintenance and has a high resistance to stains and scratches, as well as a low liquid absorption rate. Silestone's nearly indestructible surface is stain, scorch and scratch resistant. With a very low absorption index and a minimal number of joints, Silestone® is perfect for spaces where liquid exists. Silestone® is resistant and continues to be enjoyed over time, going beyond the surface.

It is manufactured in more than 80 colours, 3 textures (polished, suede and volcano) and various formats, making it highly versatile. Colours range from muted tones that are generally associated with natural stone to vibrant colours that are not found in nature. Silestone's colour uniformity and consistency allows for an unlimited number of edge details including but not limited to: bevel, ogee, bullnose and waterfall. It is also malleable enough to be used in large pieces without requiring joints. Silestone® is the perfect choice for kitchen, bathroom, flooring, cladding and unlimited applications.

SILESTONE®

Benefits

Silestone® is Natural Quartz created to provide colour and texture for bath and kitchen surfaces. Thanks to its physical and chemical properties, a result of years of investigation, it guarantees maximum hygiene and safety.

Resistance to Stains

Silestone® is a virtually non-porous surface which is highly resistant to stains from coffee, wine, lemon juice, oil, vinegar, make-up and many other daily-use products.

Resistant to Acid and Scratching

Quartz is one of the hardest minerals that exists. This makes our products very durable, with a high level of resistance to external damage.

Resistant to Impacts

Silestone® high level of resistance to impacts allows very hard objects (pots, trays, etc.) to be handled with total ease.

*Check availability on Silestone® colours with N-Boost

SILESTONE®

N-Boost

Technology On Top

Easy Cleaning

*Repels any type
of Liquid*

Cleaning has never been easier thanks
to this superior stain resistance.

*More Intense
Colors*

Thanks to **N-BOOST** technology,
colours are more authentic and intense.

*Surface Shinier
than Ever*

Silestone® now shines more than ever.
N-BOOST creates a more even surface,
causing light to reflect off it more intensely.

SILESTONE®

Formats

Silestone® is available in slabs up to 325x159cm and in floor tiles of 30x30cm, 40x40cm, 60x60cm, 60x30cm and 60x40cm.

Jumbo Size

Cosentino® is one of the few manufactures to offer quartz slabs in Jumbo format (maximum 325x159cm). This format allows the creation of large surfaces with a minimum number of joints. It allows versatility of design and greater hygiene. It allows the manufacture of large islands in just one piece. This way, we optimize the use of the slab and reduce wastage.

SILESTONE®

Thicknesses

Silestone® slabs are sold in thicknesses of 1.2, 2 and 3cm. Different pieces can also be combined to create thicker edges.

*Measurements given in centimetres

SILESTONE®

Textures

With the aim of being adapted to your style, Silestone offers you different textures to any of your chosen applications. Polish, Suede or Volcano are three possibilities that make your imagination fly and have your worktop, flooring or walling with the texture that you have always wanted.

Suede

The Suede or matt finish, recently improved by Silestone® offers a flat, non-rugged feel that provides a unique look and feel on account of its beauty and elegance.

Volcano

Volcano is a rustic texture, rough to the touch while also being smooth. It is the result of research into how to create a rugged surface that is both attractive and pleasant to the touch for use in kitchens and bathrooms.

Polished

All the colours of Silestone® and ECO Line Colour Series are available in this texture that is smooth to the touch as well as having a consistent, intense, and uniform colour.

SILESTONE®

Applications

Thanks to its remarkable characteristics, Silestone® is the ideal surface choice for unlimited applications.

Kitchen Countertops

Silestone® is the only quartz surface with a 25 year warranty. It also offers a wide range of colours and textures to transform your kitchen into a unique space. Silestone® can be used in a variety of applications, including countertops, flooring, cladding and backsplashes or even furniture.

“The Kitchen is the heart of the Home”

Integrity Sinks

No pieces, no creases, no limits. Integrity wants your kitchen to be whole; a place where there is no start or finish. Integrity gives you the sensation of unity, of perfect integration with the rest of the elements of your worktop.

NEW *Integrity Q*

For Geometry lovers

Measuring 41 x 51 x 17.5 cm and with an almost square shape, the Q model from the Integrity by Silestone® kitchen sink range is the perfect choice for those who love geometry. The new form is even more attractive due to the small, tight curves in its corners.

A key aspect is its monolithic design: a single 3D element manufactured from one piece of Silestone®, which brings a feeling of unity and harmony to the other architectural elements.

Like all the Integrity sinks, the Q model guarantees better hygiene and cleanliness in one of the most important areas of the kitchen; since the sink is the place where most foods are washed before cooking.

○ Silestone Integrity Q - Et. Calacatta Gold

Integrity ONE

In one single piece

ONE is the model which embodies Integrity's concept. A single kitchen sink in one piece. Measuring 41x51x15.5 cm, ONE, with its rounded shapes, is the perfect choice for those who love curved shapes.

Integrity DUE

Straighter shape

DUE, which is available in three sizes: DUE S: 37x34x15.5cm, ideal for double sinks, DUE L: 37x51x15.5cm, ideal for a main or only sink, and DUE XL: 43.5x67x21cm, with its larger size. Perfect for those who see style and beauty in the sobriety of the straight lines.

Bathroom Countertops

Bathroom Collection by Cosentino is an unique concept in the architectural sector based on the use of single materiales that offer superior performance and remarkable beauty. Silestone® is a surface made with quartz available in more than 70 exclusive colours.

Silestone® possesses the ideal characteristics for bathroom countertops. With a low absorption level and virtually no joints, the bathroom surface will remain unchanged after its daily use.

Bathroom Cladding

Bathrooms are personal spaces where one should feel relaxed and refreshed. There's no reason these areas should be drab or feature less design!

Silestone® reinvents the traditional design of the bathroom space with custom-made large format panels. It can be installed vertically as wall cladding or horizontally as flooring. This customization eliminates joints and creates visual continuity.

Bathroom Flooring

Bathrooms are a high traffic area and the durability and resistance of Silestone® reduces wear on bathroom floors. Its minimal maintenance requirements and low porosity make it the ideal product for rooms in which water and other personal hygiene products are used. Environments with damp conditions or changes in temperature require flooring that offers outstanding performance. Silestone® not only meets these requirements, it exceeds them with the added benefit of attractive design.

Bathroom Washbasins

Silestone® Sinks are built with a unique and innovative design for flexibility and elegance.
